

BASIC UNIT 4 SCENARIO (B)

RESOURCE STATUSING

Throughout the day you receive updates on the status of various resources in your area. Check and verify the status of the following resources and make any necessary changes.

Resource Status screen.

1. Set the **Select Area** for all Aircraft and Crews to **National**.
2. Set the **Select Area** for all Equipment to **GACC** (Geographic Area Coordination Center).
3. Set the **Select Area** for Kurt Merrill to **National**.
4. The **Select Area** for Frank Miller is **Local**.
5. All other Overhead resources need to be **Available To** the **GACC**.
6. The CREW – 2 – ROSS #5 will be **Unavailable** tomorrow and the **Reason** is for a **Day Off**.
7. Sharon Black's supervisor tells you Sharon is **Unavailable** for two weeks beginning one month from today.

Search For Resources screen.

8. Type **Player** in the **Last Name** field and your dispatch office in the **Home Dispatch** field (everything after the @ symbol in the screen title bar). View one of the resources.
9. Type **Crew*** (don't forget the *) in the **Resource Name** field and your dispatch office in the **Home Dispatch** field. Select **Crew** from the **Catalog** drop down. View one of the resources and check out the various tabs.
