**Change Request/Bug Fixes**

**Loftware:**

**1. CR 2538 - ICBS BR 1.4.10 - Loftware – FS printers IP address change to a new load balancer**

The server (165.221.108.33) that hosts USFS cache ICBS printers is being decommissioned, so to continue to be able to print, the USFS printers need to be moved to a new Load balance server which has IP address: 199.131.60.40.

With this change, there is no visible impact to the users.
