BR 1.4.7 is scheduled to be deployed into production on 10/24/2017

Change Request/Bug Fixes

Below are the changes that are scheduled to be implemented in this release. There is a total of 2 change requests in this release.

Cognos Change:

1. **ICBS BR 1.4.7 - ORLGK: Enterprise Incident Summary Loss Use, reflecting credit for UNS items.**
   Incident summary and Loss Use Report is giving the credit for UNS returned items. Based on the requirement these reports should not give credit for UNS returned items.
   With this change, UNS will not be calculated while calculating "cost outstanding" in the report.

ICBS-Pay.gov Change:

1. **ICBS BR 1.4.7 - Pay.gov Certificate Installation**
   Effective Wednesday, October 25, 2017, TLS 1.2 security protocol will be required for all inbound and outbound web service communications - TCS, eBilling and Hosted Collection Pages, within the Pay.gov production environment, https://tcs.pay.gov.
   New SSL root certificate for Pay.gov will be installed in ICBS.
