RELEASE NOTES

Please note below is a summary of changes made to IROC on Feb 18 and Feb 25, 2021:

Reassignment:
- Fixed a bug that stated resource was in an Invalid State (Released) when attempting to fill a resource showing Released At Incident or Demob En Route. These resource can now be reassigned to a request they are qualified to fill.

Availability:
- Fixed an issue where a "Returned from Assignment" resource could only be set to "Available." Now resource can be set to either "Available" or "Unavailable."

Requests:
- Resolved issue where quantity could be set on a request that does not allow ordering in quantities.
- Fixed an issue where users could not place a request back to the organization they had retrieved it from.

Rosters:
- Fixed a bug where users could fill a "No Trainee" position on an Assignment Roster with a Trainee.
- Resolved an issue where users could not add resources to Roster positions on the Roster screen in Portal.

RELEASE NOTES

Misc:

- *Owner can now be set for non-vendor resources and will default to the Provider organization. This value can be updated by the Home Dispatcher for non-VIPR resources. This also fixes issue where users were unable to add resources on a Contract (Agreement) with a Government organization.*
- *Changed "Fire Fighter, Type 2" to "Firefighter, Type 2" for consistency.*
- *Auto-close functionality for Incidents which have been in the system for ten days with no requests has been updated to exclude Preposition, Support and Training Incidents.*
- *Resolved an issue where users could not download a Resource Order Form generated from DMT. Resource Order Form is now automatically downloaded when generated from DMT.*
- *Fixed an issue where Demob travel could not be set independently for Subordinate resources. Now different travel can be set for the children independent of the parents.*
- *Updated permissions on the Reports so users cannot modify or delete a report created by another user and shared with them. To edit a shared report, users will need to user "Insert" or "Insert and Stay" to create their own copy of the report to modify.*
