Memorandum

October 18, 2005

To: NWCG Members and Geographic Area Coordinating Group Chairs

From: NWCG Chair *Mark Randall*

Subject: Update of Fire Danger Pocket Cards to meet NWCG Standard

In the spring of 2004, NWCG adopted a standard for Fire Danger Pocket Cards. This standard is posted on the fire danger pocket card Web site at <http://famweb.nwcg.gov/pocketcards/default.htm>.

Agencies that choose to create the cards and post them to this Web site for others to access are expected to provide fire danger pocket cards that meet the NWCG standard. As of October 1, 2005, fire danger pocket cards must meet the standard in order to be posted on the fire danger pocket card Web site.

Pocket cards that meet the NWCG standard can be produced using the most recent version of Firefamily Plus software (see version 3.050) at <http://www.fs.fed.us/fire/planning/nist/distribu.htm#Distribution>.
