

e-ISuite Access

This document covers how to request access allowing e-ISuite users to download .xml files from IROC to upload into e-ISuite. It also addresses how to access the e-ISuite Portal in IROC.

Requesting e-ISuite Access

To access e-ISuite, you first need to obtain an e-ISuite account.

- 1 Log in to IROC. (See the *Accessing IROC* quick reference for more information on logging in.)
Upon logging in, IROC presents the Self Service screen in the IROC Data Management Tool (DMT).
- 2 Click either **Submit a New Access Request** (in the IROC Login box in the Self Service screen) or the **New Access Request** module (in the IROC Login application in the Application Navigator).

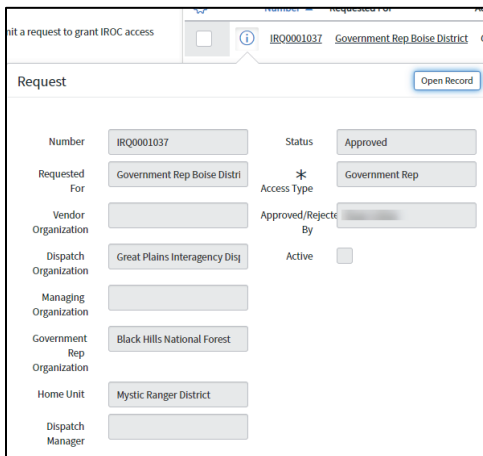

- 3 Fill out the form on the New Access Request screen.

- a Your login account auto-populates the **Requested For** field.
 - b Choose **e-ISuite** from the drop-down to indicate which type of access you're requesting.
 - c *Optional:* Type any comments or questions directly in the **Comments** field.
 - d Click **Submit** to submit your request and return to the Self Service screen.
- 4 Monitor your request in the My Login Requests pane on the Self Service screen.
You will also receive an email at the address associated with your NAP account, notifying you that your request has been submitted.

My Login Requests							
All > Requested For is Government Rep Boise District							
	Number	Requested For	Access Type	Status	Dispatch Organization	Vendor Organization	Created

Note: If your status is pending, the **Status** column will show New. The other two statuses are Approved and Rejected.

- *Optional:* Click the **Information** icon to the left of your request number and click **Open Record** in the Request preview screen to view the details related to your request.

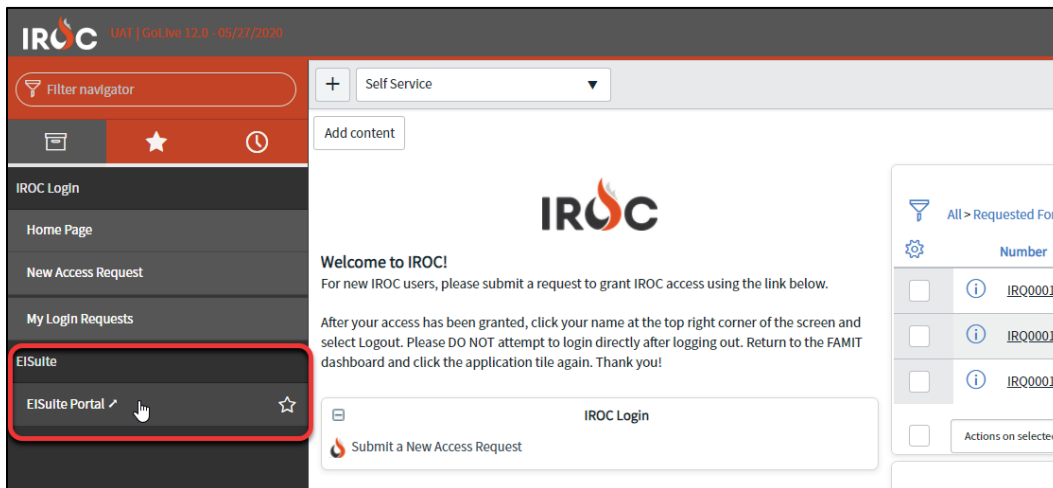

- 5 Once approved, your status will change to Approved on the My Login Requests pane, and you will receive an email indicating that your request has been approved.

Accessing e-ISuite

From the e-ISuite Portal, you can download .xml data files from IROC for upload into e-ISuite.

- 1 After receiving your approval, log out of IROC and log back in via FamAuth to access the **e-ISuite Portal** module in the Application Navigator.

- 2 In the **e-ISuite Portal** module, select an incident from the dropdown in the **Download e-ISuite Import File** screen.

- 3 Click **Download** to save the data file. The .xml file will be saved to your local computer, and you can upload that file directly into e-ISuite.
