# Managing Selection Areas for Your Organization

IROC Data Management Tool (DMT) has two **Selection Area** modules, allowing you to view and edit the appropriate records. The information relating to selection areas for your organizations can be found in the **My IROC** module.

> **Note:** You must be a dispatch manager with the role of selection area manager to access the selection area modules.

1   Type "Selection" in the Filter Navigator to access the modules within the Selection Area Manager application.

2   There are two modules related to selection areas:

    a   **My Selection Area Affiliation** – View and manage selection area affiliation relationship records.

    b   **My Selection Area Masters** – View and manage selection area master relationship records.

> **Tip:** To quickly find a module in DMT, type a term in the **Filter Navigator** field. For example, typing "selection" provides quick access to the Selection Area Manager application and its modules.
>
> **Note:** Click the **Star** icon beside a module name to add it to your favorites list.
