

## Viewing Resource Status

As a dispatcher, a common task is to view the status of resources within your dispatch center.

- 1 In IROC Portal, select the appropriate dispatch center from the **Dispatch** content selector.
- 2 Click the **Resources** bar on the Resources action tile to open the Resources work area on the bottom portion of your screen.
- 3 There are several ways to view resource status within the work area.
  - a In the default list view, you can filter the resource status column.

- Use the quick filters to choose one or more options. Selected options are blue; unselected options are white. To remove a quick filter, click it again.
- Click on the Resource Status column header to sort the items in the field in ascending or descending alphabetical order.
- Select a status from the drop-down list at the top of the Resource Status column to filter the list to show only items that match your criteria.

- b In accordion view, the status is listed beneath the resource name in the list on the left and is also displayed in the **Status** field of the General Information tab on the right.
