

This Quick Reference Card explains how to reassign an airtanker to a preposition order created by the dispatch center currently hosting the airtanker. You may reassign the airtanker to a new local or non-local incident or Quick Fill. You may also reassign the airtanker to another preposition order if the airtanker is not flying on an incident or if it moves.

To reassign an airtanker to a preposition order

- 1 On the **Incident** menu, click **Incident Resources**, or click 
- 2 On the **Incident Resources** screen, search for and then click the **Airtanker** you want to reassign.
- 3 Click **Action** and then click **Reassign**.
- 4 On the **Reassign Resource** dialog box, search for and then click the **Preposition Incident Name** of your choice, and then click 

- 5 On the **Reassign Request** dialog box, click **Set Travel**, click  and then complete the **ATD** and **ETE**.
- 6 Complete the **Assigning Contact** text box, and then click 
- 7 On the **Request Action Message** dialog box, click 

For more information about reassigning resources please refer to the ROSS Quick Reference Card, "Reassigning Resources from the Incident Resources Screen," available on the ROSS website at <https://famit.nwcg.gov/applications/ROSS>

Ensure incident in box matches incident in blue line.
