Report Help and Examples

'IRS-005 Resources Currently On Assignment' allows the user to generate a variety of reports about currently assigned resources.

This document will provide information regarding the following

- [Prompts](#) in the report
- [Report Layout](#) for each of the perspectives
- Sample uses of the report
 - [Local Resources on Assignment in the Local Area](#)
 - [Local Resources on Assignment Outside of the Local Area](#)
 - [Geographic Area Resources on Preposition](#)

Prompt Page

The prompt page contains a variety of options to allow you to use this report to serve a variety of reporting needs and to allow you to make some choices in how you want the results to be displayed.

All of the prompts are optional.

In most cases, you will only need to make selections in a couple of the prompt sections.

With the exception of the 'Optional Columns' prompt, making no selections in a list of choices is the same as selecting all of the values.

Filled Catalog Item Filters

The Filled Catalog Item Filters allow you to return a result set based on the Qualification/Classification that resources are assigned as.

1. Click on the triangle to display/hide the prompt section.
2. Catalog, Category and Catalog item are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is equivalent to selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.
4. 'Exclude Frequencies' and 'Exclude Service – Aviation' are quick-filter options to exclude results from these categories by checking the appropriate box.

The screenshot displays the 'Filled Catalog Item Filters' interface. At the top, a grey bar contains a triangle icon labeled '1'. Below this, the interface is divided into three main sections: 'Catalog', 'Category', and 'Catalog Item'. The 'Catalog' section on the left lists 'Aircraft', 'Crew', 'Equipment', 'Overhead', and 'Supply', each with an unchecked checkbox. This section is labeled '2'. The 'Category' and 'Catalog Item' sections are currently empty. Each of these three sections has 'Select all' and 'Deselect all' links at the bottom. To the right of the 'Catalog Item' section are 'Filter' and 'Clear' buttons, labeled '3'. At the bottom of the interface, there are two quick-filter options: 'Exclude Frequencies' and 'Exclude Service - Aviation', each with an unchecked checkbox and a red question mark icon. The second option is labeled '4'.

Incident Filters

The Incident Filters allow you to return a result set based on the incident that the resource is currently assigned to. Use this when you want to report on resources assigned to a particular incident or resources assigned to incidents in your local area.

1. Click on the triangle to display/hide the prompt section.
2. Incident GACC, Incident Dispatch and Incident are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is the same as selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.
4. Selections in Incident Type will apply to the report results as well as to results displayed in the Incident prompt.

The screenshot shows the 'Incident Filters' interface. At the top, a small triangle icon is circled with a '1'. Below it, the interface is divided into three main sections: 'Incident GACC', 'Incident Dispatch', and 'Incident'. Each section contains a list of checkboxes and a 'Select all' / 'Deselect all' link. The 'Incident GACC' list includes options like 'Eastern Area Coordination Center', 'GACC GV3C (GV-GC3C)', 'GACC GV5A (GV-GC5A)', 'GACC GV5B (GV-GC5B)', 'GACC GV9A (GV-GC9A)', 'GACC LM1A (LM-GC1A)', 'GACC LM1B (LM-GC1B)', and 'GACC LM1C (LM-GC1C)'. The 'Incident Dispatch' and 'Incident' sections are currently empty. To the right of the 'Incident' section, there are 'Filter' and 'Clear' buttons, with the 'Filter' button circled with a '3'. Below these sections is the 'Incident Type' section, which contains a list of checkboxes for 'Accident - Marine', 'Accident - Rail', 'Complex', 'False Alarm', 'Fire - Debris/Product', 'Fire - Prescribed', 'Fire - Structure', 'Fire - Vehicle', and 'Fire - Wildfire'. The 'Fire - Debris/Product' checkbox is circled with a '4'. The 'Incident Type' section also has 'Select all' and 'Deselect all' links.

Prompt Page

Resource Home Dispatch Filters

The Resource Home Dispatch Filters allows you to display a result set based on the Home Dispatch of the Currently Assigned Resources. Use this when running a report to show where your resources are assigned.

1. Click on the triangle to display/hide the prompt section.
2. Resource Home GACC and Resource Home Dispatch are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is the same as selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.

Prompt Page

Resource Provider Filters

The Resource Provider Filters allow you to display a result set based on the Provider of the Currently Assigned Resources. Use this when running a report to show where resources from a particular provider are assigned.

1. Click on the triangle to display/hide the prompt section.
2. Resource Provider Agency Type, Resource Provider Agency and Resource Provider are cascading prompts. Options displayed are dependent on selections made in the prior box. For report results, making no selection in a section is the same as selecting all.
3. Click on the 'Filter' button to update the cascading prompts after making a selection. Click 'Clear' to uncheck all the selections in this section.

Prompt Page

Other Filters

Other Filters provide additional means of filtering your result set. Each prompt is independent of the others.

1. Click on the triangle to display/hide the prompt section.
2. Use the Days Committed filter to narrow down results based on the number of consecutive days the resource has been committed.
3. The Assignment Type filter can be used to narrow down results based on whether the assigned resource is local or non-local to the incident or from within or outside of the geographic area of the incident.
4. Use the Vendor Owned Resource filter if you want to display only Vendor Owned resources ('Yes') or to exclude Vendor Owned resources ('No').
5. The Home Unit filter allows you to search for and select a Home Unit to use to filter your result set.
6. Click 'Clear' to uncheck all the selections in this section.

The screenshot displays the 'Other Filters' section of a software interface. It features several filter panels and a search bar, each annotated with a circled number from 1 to 6. Panel 1 is a toggle arrow at the top. Panel 2 is the 'Days Committed' filter with 'From' and 'To' input fields and radio buttons for 'Lowest value' and 'Highest value'. Panel 3 is the 'Assignment Type' filter with checkboxes for 'Local Assignments', 'In-Geographic Area Assignments', 'Non-Local Assignments', and 'Out-of-Geographic Area Assignment', along with 'Select all' and 'Deselect all' links. Panel 4 is the 'Vendor Owned Resource' filter with checkboxes for 'Yes' and 'No', and 'Select all' and 'Deselect all' links. Panel 5 is the 'Home Unit' search bar with a search input, a magnifying glass icon, a 'Select all' checkbox, and a 'No Results' message. Panel 6 is a 'Clear' button. Other elements include a red question mark icon, a 'Starts with any of these key' dropdown, and a 'Case Insensitive' checkbox.

Helpful Tips

- Use the “Save report as report view...” option to save the prompt settings for the report.
- Give the report view a meaningful name to help you (and others, if it’s saved to the Center Folders) identify what the report does
 - Recommendation: Keep the report code (IRS-005) in the name that you use for the report view to identify what the report view’s source is and to aid in searches.
- Example Names
 - ID-BDC Resources on Assignment in the Local Area by Incident (IRS-005)
 - ID-BDC Resources on Assignment in the Local Area by Catalog Item (IRS-005)
 - ID-BDC Resources on Assignment Outside the Local Area (IRS-005)
 - UT-GBC Resources on Preposition (IRS-005)
 - Aircraft on Assignment Nationally by Catalog Item (IRS-005)
 - XYZ Fire Currently Assigned Resources by Catalog Item (IRS-005)
