

Resizing the ROSS Client in Windows 10

ROSS 2.16.11

Tips & Tricks

Jul-2018

This *Tips & Tricks* describes how to resize the ROSS Client in Windows 10.

1. With ROSS open, right click any blank area on the Windows 10 desktop.
2. Select *Display settings*.
3. Use the slide bar below the *Change the size of text, apps, and other items*.
4. Click on **X** button to close the *Customize your display* dialog box. Review ROSS display and adjust as necessary.
